

Panditji made a speech in Trivandrum where he showed it to the world that our's is a multi-cultural and multi-linguistic country and here every community has got a right to consolidate itself and form the political parties of their own. At that time, Panditji has said that the Indian Muslim League is the Symbol of Secularism.

If I enter with some more Members of Indian Union Muslim League along with me in the coming Assembly I will be establishing secularism and deepening the norms of secularism and democracy. I must thank the Chief Minister and Members belonging to the Oppositions and particularly to you sir for having given me fullest co-operation to speak on the floor of the House on each and every subject. I used to put forth the grievances of minorities to see that they should not feel insecure. Always you had expended your helping hand whenever I wanted to air my people's grievances. With these few words I thank you once again and conclude my speech.
